

.. HOROSCOPE ..

THURSDAY, NOVEMBER 4, 1920.

DURING business hours of this day, the stars rule, according to astrology, but the evening is especially auspicious. Jupiter is in benefic aspect until late in the afternoon, Saturn also being friendly. After sundown, however, threatening stars rule, for Saturn changes to evil sway, while Mars and Uranus are adverse.

There is a most promising rule for business and commerce, the stars shadowing organization and efficiency, so well developed that the greatest profits are assured, especially in all lines of manufacturing.

This is a favorable government of the stars which will plan initiative and extension of business. All who sell should benefit by today's passing of the stars. Profits should be large and sales rapid.

There is a sign read as indicating about luck for men who enter business

partnerships with women, since the stars seem to promise development of the feminine mind along logical and commercial lines of thought.

Real estate should be profitable at this time, women being especially fortunate in the direction of their stars. It was prognosticated two years ago that the theatrical world would undergo many changes. This prophecy is now repeated and the stars declare that many women will produce plays and become managers.

The young of both sexes are subject to the most inspiring and stimulating influences at this time. Many talented boys and girls will be discovered among Americans.

A new amusement will be introduced from a foreign country and will engage much attention during the winter.

The highest honor yet bestowed on a woman will be given to a resident of the middle west, the stars declare. Persons whose birthday it is may have rather an unsettled year. They should avoid change and should be careful in the handling of their money. Children born on this day may be treated as a source of change. These subjects of Scorpio are often successful in adventures. Girls have the signs of fortunate marriage—Copyright, 1920, by McClure Newspaper Syndicate.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calcium powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the face and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts with-out any mark. However, blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pushing and squeezing only cause irritation, make large pores, and do not get them out after they become hard. The calcium powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clear and in their natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.—Ad.

YE TOWNE GOSSIP

(Registered U. S. Patent Office.)

By E. C. R.

IN THE first place.

THE STORY'S true.

AND THE man it's about.

HAD GONE to New York.

FROM THE oil well fields.

AND HE had a week.

TO SEE some shows.

AND SOMEONE suggested.

HE SEE "The Night Boat."

AND HE went to a stand.

IN SOME hotel.

AND ASKED for tickets.

AND SAID the "day" boat.

AND THE man said.

THEY DIDN'T handle 'em.

AND GAVE him a number.

A BLOCK away.

AND HE went there.

AND TOLD the man.

HE WANTED three tickets.

AND ONCE again.

HE SAID the "day" boat.

AND THE man said.

THEY TOOK it off.

ON THE first of the month.

BUT THERE'S the night boat.

IT'S STILL running.

AND RIGHT AWAY.

THE OIL man smiled.

AND SLAPPED the counter.

AND SAID to the man.

"THAT'S WHAT I want."

"I WANT the night boat."

"I MADE a mistake."

"WHEN I said the day boat."

AND THE man asked him.

WHEN HE wanted them for.

AND HE said that night.

AND THEN he was asked.

ABOUT THE state room.

IF HE wanted one.

Questions and Answers.

Q. How many bills were presented to the last congress? **A. M. C.**

A. The 65th congress has had 14,430 bills and joint resolutions presented to it. The total of bills actually passed by both houses was 51.

Q. Is chop suey a native Chinese dish? **M. F.**

A. Chop suey, popular in Chinese restaurants in America, was apparently formed by English speaking Chinese restaurant keepers in this country. English "chop" plus Chinese "suey," meaning bits of fragments chopped into small pieces and cooked.

Q. How many English served in our army during the world war? **E. L.**

A. The war department states that the members of the American expeditionary force were not classified according to country of their origin. When a man enters the American army, he becomes an American citizen, renouncing his allegiance to his former country.

Q. How many spiritualist ministers and mediums are there? **X. C.**

A. In 1919 there were about 500 ministers and 1000 public mediums in the United States.

Q. How many songs can a mockingbird sing? **E. L. R.**

A. The ordinary song of the mockingbird is varied. They sing during the night, as do nightingales, and appear to begin their song with the rising of the moon. Their imitative notes are, however, even more varied than their natural tones. They mimic successfully many other birds and when kept in confinement all sounds of the household, as well as the meowing of cats, barking of dogs, etc., are imitated.

Q. Please tell me the meaning of the words placed over each paragraph of the 1919 Pacific. **J. S. S.**

A. These words are the English equivalent of the letters of the Hebrew alphabet, and divide the psalm into its different parts.

Q. Is it true that pennies need not be accepted in amounts larger than 25¢? Also tell me if there is a limit in nickels, dimes, quarters and half-dollars? **F. L. A.**

A. Pennies are legal tender only up to 25 cents. This is also true of five-cent pieces. Subsidiary silver coins, such as, quarter, quarter-dollar, and half-dollars, are legal

The Young Lady Across The Way

THE young lady across the way says as soon as the votes are counted and the result is definitely known people get good natured again and all the amenities of the campaign are forgiven and forgotten.

Q. Tender for amounts not exceeding \$10 in any one payment.

Q. Did Sir Walter Raleigh ever come to this country? **J. S. W.**

A. Sir Walter Raleigh never actually visited America in person. He fitted out the expedition which planted the settlement on Roanoke Island on the Carolina coast. Raleigh wished to accompany the expedition, but the queen refused to allow him to leave England.

Q. Have any bodies been removed from St. Michel American cemetery? **A. R. T.**

A. The war department says that the bodies of soldiers are being removed from all of the cemeteries in France, but only those will be disturbed whose relatives have requested that they be brought to the United States.

Q. What does the word "avuncular" mean? **A. M. P.**

A. "Avuncular" is derived from "avunculus," a Latin word meaning "uncle." Its primary meaning is "of or pertaining to an uncle." In a humorous way, a pawnbroker is sometimes spoken of as an avuncular relative.

Q. What were the dates of the deaths of Miles Standish, John Alden and Priscilla Alden? **W. L. S.**

A. Miles Standish died on October 2, 1682; John Alden, September 12, 1887, but we find no record of the death of Priscilla Alden, although it is known that she died before her husband.

(Any reader can get the answer to any question by writing The Herald Information Bureau, Frederic J. Maslin, Director, Washington, D. C. This bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake extensive research on any subject. Write plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to inquirer.)

THE PHILOSOPHY OF "TAMA JIM"

- "Tama Jim" Wilson, who knew more about farm lands than most men do about anything on earth, once said:
- "More money has been made out of Real Estate than from all other sources of wealth combined."
- "Tama Jim" Wilson estimated that the farm lands of the United States have increased in value \$50,000,000 per annum for the past forty years.
- The natural wealth which comes from the soil is an ever-ready wealth producer for man. The growth of cities, especially in the West bringing up almost daily the individual value of building sites, is a perpetual money maker for the careful investor.
- A City Council of El Paso some years ago, refused to accept as a gift the site of the entire half of Block Seventy, Franklin Heights Addition, lying between Newman and Lee Streets and facing Montana Street.
- If vacant today this property would bring more than Seventy Thousand Dollars.
- Business men know that investment in Real Estate offers, not only a safe place for money, but carries with its investment a perpetual increment of human happiness—the greatest asset in life.

This is one of a series of articles published by the El Paso Realtors.

Secrets Of The Movies Revealed

Q. Of what two entirely different and distinct processes does the writing of a motion picture play consist?

A. The first process in the writing of a motion picture play is that of writing the original story or the synopsis. The second process is that of preparing the technical continuity which is made from the original story for the use of the director. The first, that of inventing the original story, may be done by anyone who can create original story plots. It requires no particular talent nor any very intimate knowledge of the movies. On the other hand, continuity writing is a very technical job and should not be attempted unless one has had considerable studio experience.

Q. What screen comedian, who, although he only made two comedies since 1914, has secured a big hit, is coming back to the screen again?

A. Sammy Burns.

Q. What is the latest political achievement of Cullen Landis?

A. Cullen was recently made a sheriff of Los Angeles county.

Q. Did Bert Lytell come from a theatrical family, and when did he first go on the stage?

A. Bert's father was a stage comedian, W. H. Lytell. His mother was Blanche Mortimer, daughter of a stage star, J. J. Mortimer. So it is
